The Honorable Tom Cole  
Chairman  
Committee on Appropriations

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Frederick Downtown Stormwater Drainage Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Frederick, located at 140 West Patrick Street Frederick, Maryland, 21701. The funding would be used for new storm drain infrastructure through installation of 4,000 linear stormwater drain pipes, parallel conveyance lines, upsizing and re-sloping pipes, and redirecting upstream flows.. The project is an appropriate use of taxpayer funds because the infrastructure upgrades will improve public safety, support economic activity, and strengthen the resilience of one of Maryland's most important historic downtown districts.

The project has a federal nexus because the funding provided is for purposes authorized under Section Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, reading "April McClain Delaney".
