The Honorable Rosa DeLauro

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Smithsburg Wastewater Pump Station in Fiscal Year 2027. The entity to receive funding for this project is the Town of Smithsburg located at 21 West Water Street, Smithsburg, Maryland, 21783. The funding would be used for the replacement of three failing wastewater pump stations. The project is an appropriate use of taxpayer funds because these waterwater pump stations serve the community, and the improvements will reduce public health risks, support watershed protection, and better serve the residents of the Town of Smithsburg.

The project has a federal nexus because the funding provided is for purposes authorized under Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "April McClain Delaney", with a long, sweeping underline.
