Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Infrastructure Upgrades for Safe and Accessible Sidewalks Project in Fiscal Year 2027. The entity to receive funding for this project is the Allegany College of Maryland, located at 12401 Willowbrook Road SE, Cumberland, Maryland, 21502. The funding would be used for sidewalk replacements and upgrades to the library stairs to improve ADA accessibility and safety for students, staff and visitors. The project is an appropriate use of taxpayer funds because this public institution is an important community resource for traditional students, adult learners, workforce participants, healthcare trainees, community groups, and local residents who deserve to enjoy safe and accessible pathways on campus.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(4), and 5305(a)(5).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "April McClain Delaney", with a long, sweeping underline.
